

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

Chapter 26: Contemporary Nursing Roles and Career Opportunities
Cherry & Jacob: Contemporary Nursing: Issues, Trends, and Management, 7th Edition

MULTIPLE CHOICE

1. The primary focus of the care provider role for the nurse involves:
 - a. using the nursing process to provide guidance to the patient to recovery.
 - b. encouraging consumer self-responsibility and emphasizing health promotion/health maintenance.
 - c. focusing on increasing satisfaction among professional nurses.
 - d. advancing nursing practice through research.

ANS: A
The primary focus of the care provider's role is to use the nursing process in caring for patients.
DIF: Comprehension REF: p. 451
2. A nurse researcher is attempting to describe the demographics of today's RNs and reports that:
 - a. less than half of all RNs work in hospital settings.
 - b. the average age for an RN is 32 years.
 - c. approximately 25% of RNs are male.
 - d. most RNs are practicing with a bachelor's degree.

ANS: D
A substantial number (55%) of nurses practice with a BSN.
DIF: Comprehension REF: pp. 454-455
3. A hospital standard states, "All intravenous (IV) lines must be rotated every 72 hours." The nurse who assesses and records vital signs from this standard is fulfilling which role of nursing?
 - a. infection control
 - b. quality management
 - c. consumer protection
 - d. cost control

ANS: B
The basic premise is to ensure that outcomes in client care services are consistent with established standards.
DIF: Application REF: p. 456
4. The nurse who organizes screenings for employees, assesses the work environment for hazards, and teaches health-promoting activities is engaged in the role of:
 - a. infection control.
 - b. occupational health.
 - c. biostatistics.
